

CAMA & Assessment Administration

Developed based on IAAO and USPAP industry standards, the DEVNET Edge™ CAMA and Assessment Administration solutions automate the appraisal and assessment administration functions, allowing for accurate valuation and complete parcel maintenance, assessment, exemption, and appeals information.

Billing & Collection

The DEVNET Edge™ Billing & Collection solution performs all billing, collection, distribution, and delinquent tax processing pertaining to both real and personal property.

Records Management

The DEVNET Edge™ Records Management solution offers a feature-rich recording, indexing, receipting, and imaging environment for land and vital records documents.

Permitting & Zoning

The DEVNET Edge™ Permitting and Zoning solution tracks utilities, roads, topography, flood plains, zoning classifications, building permits, and inspection information.

VISUALIZE YOUR DATA

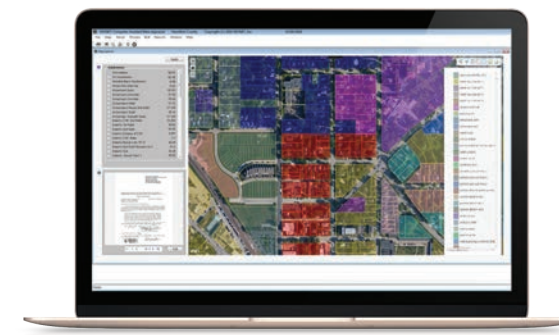

EdgeMaps™

EdgeMaps™ provides real-time GIS integration with authoritative CAMA and Tax Data. Powered by Esri's ArcGIS Platform, easy-to-configure web maps are embedded throughout the Edge™ software suite offering highly-valuable, interactive thematic maps.

Extend search capabilities with interactive parcel selection tools.

Consume a multitude of web maps, each uniquely designed for visualizing property characteristics, reports, and analytics.

Support ArcGIS Land Records solutions by serving real-time Local Government Information Model data.

ONLINE PORTAL

wEdge™ solutions provide web access to DEVNET's Edge™. This allows the public, local offices, outside agencies, and partner organizations a gateway to real-time authoritative data.

wEdge™ Web Applications
Provides county and public users access to important information, and allows taxpayers to pay real estate or personal

property tax bills and electronically file applications and record document online.

wEdge™ Web Services
Provides application developers API access to property information such as tax information and property record card data.

wEdge™ Map Services
Embed ArcGIS Online web maps for public view.

REALIZE YOUR CLOUD COMPUTING DREAM

INTEGRATED SYSTEM

DEVNET

With 20 years of proven industry knowledge and installations throughout the United States and Canada, DEVNET's Edge™ product line offers Integrated Land Records Management solutions for CAMA, Assessment, Billing, Collection, Permitting, Records Management, and e-government. DEVNET has pioneered embedding web GIS throughout the entire Edge™ product line. You can now realize the ease of viewing and analyzing relevant data and reports geographically. DEVNET is focused on building and supporting strong partnerships and lasting relationships with our clients.

Your Information
